

Call for Papers / OSJ – OSA Joint Symposia on Plasmonics and Digital Optics

Dates: Sunday, 30 October - Monday, 31 October 2016

Location: Tokyo Bunkyo School Building, University of Tsukuba, Tokyo, Japan

Organized by:

The Optical Society of Japan (OSJ) and The Optical Society (OSA)

The Optical Society of Japan (OSJ) and The Optical Society (OSA) are organizing joint symposia in celebration of the 100th Anniversary of OSA and in recognition of the strong partnership between OSA and OSJ. The sessions will immediately precede Optics and Photonics Japan 2016 (OPJ2016) and will explore the latest advance in the fields of **plasmonics** and **digital photonics**.

The goal is to create a global forum for leading researchers to present their latest work and to hear the most up-to-date results in scientific subjects and related new technologies in the field of plasmonics and digital photonics.

We hope that this symposium will provide scientific and professional networking as well as scientific inspiration to the attendees.

Symposia Chair: Prof. Takashige Omatsu, Chiba University, Japan

Paper Submission

OSA and OSJ members and student members are invited to participate by submitting a paper. All abstracts received will be reviewed and considered for oral or poster presentation.

- Abstract deadline (100 words abstract and title): 1 August 2016
- Summary deadline: (A4 format, 2 pages): 31 August 2016

Plasmonics

Topics: The use of plasmonics for spectroscopy, optical trapping, and imaging, as well as fabrication based on plasmonics and structured materials.

- Prof. Satoshi Ashihara, The University of Tokyo, Japan, Co-chair
- Prof. Judith Dawes, Macquarie University, Australia, Co-chair

Digital Photonics

Topics: Holography, 3D display, computational imaging, and optical metrology, as well as

technologies such as structured light and adaptive optics.

- Prof. Bahram Javidi, University of Connecticut, USA, Co-chair
- Prof. Osamu Matoba, Kobe University, Japan, Co-chair

Papers should be submitted on the OPJ 2016 website. <http://opt-j.com/opj2016/>
Instructions: <http://opt-j.com/opj2016/paper-submission.html>

Submitting to the OSJ-OSA joint symposia gives you the added benefit of having your paper peer reviewed by an international committee of experts in the field. If accepted, your paper will be officially published in Optics InfoBase, OSA's Digital Library, and indexed in Ei Compendex and Scopus.

Registration

OSA and OSJ members may register at the discounted member rate.

Advance Registration deadline: September 30 2016

To register: <http://opt-j.com/opj2016/registration.html>

Meeting Schedule

All times are approximate and subject to change, check back for agenda.

The program will be held the Tokyo Bunkyo School Building, University of Tsukuba, Tokyo, Japan.

Day 1: Sunday, 30 October 2016

- Program begins at 9.00 and ends at 17.00
- Reception, location to be determined, begins at 18:00

Day 2: Monday, 31 October 2016

- Program begins at 8.30
- Program adjourns at 12.00
- Optics and Photonics Japan Plenary Session after lunch

Sponsored by The Japan Society of Applied Physics (JSAP)
